

Curraghinalt Mine Creating over 400 jobs

Economic Impact

400+ jobs directly created by the project.

3x as many jobs created indirectly.

Total investment to date on the project:
£56 million

Local investment to date on the project:
£27m in Northern Ireland;
£16m in County Tyrone;
£3.5m in the villages of Greencastle, Gortin and Rousky.

Environment

Highest standards

Working to world class environmental standards. Submitting ourselves for additional inspections beyond what is legally required.

Safe

Concentration of cyanide at the end of our process is less than you'd find in a handful of Almonds.

Minimised impact

Natural contours and trees used to screen the low-rise mine.

About the mine

High quality deposit

with average grades over 10g/t

A gold resource in excess of 4 million ounces

US\$250m
